Chuck Langille Named July 2008

Coach-of-the-Month

Chuck Langille, President, Cambridge Girls Softball Association, began his coaching career over fifteen years ago due to a shortage of volunteer coaches in his community. Since then he has coached Fastball, Baseball, Soccer and Basketball.

"I originally got involved in coaching, because it was a great way to spend time with my children," says Langille. "Despite the fact that I've played sports for many years, I was a bit uncertain that I could coach. I soon realized that it's not about being an expert. It's about teaching fundamentals but most importantly showing them how fun the sport can be."

In 2006, Chuck was recognized with the Provincial Women's Softball Association (P.W.S.A) Volunteer of the Year award for his outstanding dedication and commitment to his community.

"I haven't met anyone who has given the time and dedication to a team like Chuck," says Shannon Hawco, fellow coach and executive member of the Cambridge Girls Softball Association. "He always encourages his players to give 100 per cent in everything they do. He also encourages his players to volunteer with younger teams as a way of giving back to the league."

In the foreseeable future, Chuck plans to continue his coach education through courses and seminars.
