Is your organization a leader in Workforce Training & Development ?

The Mayor's Award, created in 1994 is an annual recognition of Cambridge organizations with projects or programs that have helped improve the knowledge, performance, and skill of their workforce (employees and volunteers).

Any Cambridge organization, large or small, private or public sector can qualify as a training and development leader.

Who is eligible to win?

You are welcome to nominate your own organization, a supplier, or a customer.

We want to recognize those Cambridge businesses and organizations that are investing in their workforce and ultimately our community's future.

Previous applicants are welcome to apply. However, Mayor's Award winners from the past three years are not eligible.

Training Award Categories

The four (4) Training & Development categories are:

Small Business:

The small business category includes any business or organization from any sector or category that has fewer than 50 employees.

Public and Not-for-Profit:

Includes government, educational institutions, health care and not-for-profit organizations.
