Motorized Vehicles Not Permitted on City Trails

Motorized vehicles (with the exception of motorized mobility scooters/wheelchairs) are **not** permitted on Cambridge Trails, Parks or open spaces, (this includes ATV's, snowmobiles, motorcycles, dirt bikes, and electric/gas powered recreational scooters). As a reminder, horses are also not permitted on any Cambridge Trails. This past year the City made changes to its by-laws to allow for the laying of charges for illegal use.

Organized Saturday Morning Trail Walks in July/Aug.

This summer join the Cambridge Trails Advisory Committee (CTAC), on a series of trail walks throughout the city. Every Saturday morning in July and August, a trails committee member will lead a one (1) hour walk along one of our many trails from **9-10am**. Learn about the flora, fauna, and history associated with the trails, and best of all get active! Bring out the whole family for this great activity.

Hikes take place rain or shine.

Trails Plans for 2010

The City-Wide Multi-Use Trail Study and Maintenance Manual Update

is currently underway. The first public input meeting was held on May 6. You can follow the progress of the Study or provide input at www.cambridge.ca/trails.

On June 3, 2010 the second Public Information Centre will take place at City Hall, 50 Dickson Street in the Bowman Room. Agenda as follows:

Open House from 4:00 – 7:00 pm
Presentation at 7:00 pm

Workshop to follow presentation

COME OUT AND GIVE US YOUR COMMENTS

Watch for the new section of Moffat Creek Trail opening in August.

Grand Trunk Trail Improvements

We are replacing asphalt from the old agricultural building to the entrance to Riverbluffs Park, and installing railings and additional asphalt south of Devils Creek.

Two trailhead signs will be installed in the **Hespeler Millpond subdivision**.

We are replacing a bridge along the **Moffat Creek trail north of Christopher Dr.**

"Trail Guy" Appreciation

On April 7, Cambridge's own "Trail Guy" received the 'National Merit Award' from the Canadian Parks and Recreation Association in Niagara Falls.

This award is presented to individuals with over 10 years of outstanding contribution to parks and recreation at the municipal or provincial level.

Bob McMullen is one of a select few to receive the award. This is in recognition of his 14 years of volunteer service in furthering trails, cycling and a healthy eco friendly lifestyle in Cambridge.

Bob is a member of the City's Trails Development Advisory Committee of Council having served 8 years as Chair.

If you use and enjoy the City's trails then you are sure to be experiencing some of the results of Bob's volunteer efforts and influence.

Congratulations and Thank You Bob!
