

Forbes Creek Subwatershed Study

Legend:

In association with:

- C. Portt and Associates
- Dougan and Associates
- Naylor Engineering Associates
- Schroter and Associates
- AgPlan
- Paradigm Transportation Ltd.

Geologic Cross Sections D-D' and E-E'

Notes:

The inferred stratigraphy shown on this cross section is based on the subsurface stratigraphy contacted at the boreholes. The subsurface conditions between the boreholes may vary.

Scale

Horiz. 1:10000
Vert. 1:200

Date: July 2002

Project No.: K1143

Figure: B1.3.3
