Notice of Residential Water Meter Change-Out Program
The City of Cambridge is presently underway with a Residential Water Meter Change-Out Program. All residential water meters that are 20 years of age or older will be targeted for removal and replacement with a new water meter. In order to carry out this annual program, the firm of Corix Water Products has been retained to provide this service.
Meters requiring replacement are chosen by staff from the City water meter database. Only those customers whose meter meets the age requirement will be contacted directly by Corix Water Products to schedule appointments. Please note that this is a mandatory change out program.
If you have any questions regarding this program, please contact the Public Works Office at 519.621.0740.

"Why didn't we save ourselves when we had the chance?"

"The Age of Stupid" stars Oscar-nominated Pete Postlethwaite as a man living alone in the devastated world of 2055, watching footage of the past and asking "why didn't we stop climate change when we had the chance." He plays the founder of the Global Archive, a storage facility located in the (now melted) Arctic, preserving all of humanity's achievements in the hope that the planet might one day be habitable again. He pulls together clips of "archive" news and documentary from 1950 - 2008 to build a message showing what went wrong.

Please be advised that this movie is "unrated" but has been rated in other countries and is recommended for mature audiences, 14+, as it contains some profanity and disturbing images.
