Please Note: The determination of ownership of the subject trees(s) is the responsibility of the applicant. Any civil or common-law issues between property owners with respect to trees must be resolved by the applicant. This permit does not grant authority to encroach in any manner or enter onto adjacent private properties. Additionally, in accordance with the Migratory Bird Convention Act, prior to site disturbance it is the responsibility of the property owner to confirm that; the proposed works are in conformance with the Act, that migratory birds are not making use of the site for nesting and that migratory bird nests will not be impacted by the proposed work. Please contact the Urban Forestry Representative at the number above if you require further information.
