Dear Ms. Wright:

Re: Recommendation of Archaeological Clearance, Proposed Blair Business Park, Millgate Holdings Inc., Old Mill Road and Dickie Settlement Road, Part of Lot 6, Beasley's Old Survey, formerly Waterloo Township, City of Cambridge, Regional Municipality of Waterloo

This office of the Ministry of Culture has had the opportunity to review a Stage 1 and 2 archaeological assessment report prepared by Archaeologix Inc for the above-noted property. As a result of the Stage 2 field assessment, nothing of archaeological significance was discovered. Consequently, the report recommends that there are no further archaeological concerns for the subject property. This Ministry concurs with this recommendation.

Given these results, Provincial concerns for cultural heritage have been fulfilled to the satisfaction of this Ministry for the above-noted assessed lands and we have no objections to development or site alteration proceeding.

I trust that this is of assistance. Should you wish to discuss this further, please do not hesitate to contact me.

Sincerely,

John MacDonald
