Application for Approval of Draft Plan of Subdivision

Under Section 51 of the Planning Act, R. S.O., 1990, Chapter P.13, as amended.

Note to Applicants:

This application form is to be used by persons or public bodies wishing to subdivide land. In this form, the term "subject land" means the land that is the subject of the proposed plan of subdivision. This form is used by the Regional Municipality of Waterloo for the Cities of Waterloo, Cambridge and Townships of North Dumfries, Wellesley, Wilmot and Woolwich. Applications in Kitchener are to be submitted to the City of Kitchener.

N.B. Submission of this application constitutes consent for authorized Area Municipal, Regional and other public agency staff to inspect the subject lands.

Completeness of the Application:

Pre-Submission Consultation is a requirement of the planning process. Applicants are advised to contact the Regional planner to arrange a Pre-Submission Consultation Meeting with Area Municipal planning staff and other agencies as required **prior** to submitting the application. **The application will not be accepted in the absence of a Record of Pre-Submission Consultation.**

The information requested by this form and any information requested during Pre-Submission Consultation must be provided by the applicant along with the appropriate fee and proposed draft plan. This information will be used to process the plan under Section 51 of the Planning Act, and Ontario Regulation 544/06. If the information, including the draft plan and fee, are not provided the Region will return the application or refuse to further consider the application until the information, draft plan and fee have been provided.

The application form and Record of Pre-Submission Consultation set out the other information and materials (e.g. technical information or reports) that will assist the Region, the Area Municipality and other public agencies in their planning evaluation of the proposed plan of subdivision. To ensure the quickest and most complete review, all information must be submitted at the time of application. In the absence of this information, it may not be possible to do a complete review within the legislated time frame for making a decision. As a result, the application may be refused until such time as these materials are submitted.

Using the Application Form:

The application must be completed by the owner or authorized agent. Where the application is being made by an agent, the owner's written authorization is required. If the lands subject to this application are owned by more than one owner, the authorization of **all** owners is required.

It is the responsibility of the applicant to research and evaluate the site and the proposal to ensure that the development will conform with the interests of the health, safety and welfare of future residents. Sufficient studies for the completion of the application should be carried out prior to submission and should be included with the application.

Submission of the Application for lands in Waterloo, Cambridge, Wilmot, Woolwich, North Dumfries or Wellesley:

To be submitted to the Region of Waterloo:

- Application fee, payable to the Region of Waterloo, as indicated by the Region's Fee By-law;
- 1 signed original and 24 copies of the completed application form;
- 1 Record of Pre-Submission Consultation;
- 30 copies of the proposed draft plan, folded to 8 ½ "x 11";
- Digital mapping requirements (to be submitted by e-mail to **planningsubmission@region.waterloo.on.ca**):
 - Adobe Acrobat (.pdf) format file of the proposed draft plan (same size as the hard copy)
 - Autocad (.dwg) format file of the proposed draft plan (as per the specifications outlined in the **Digital Plan Submission Standards for Subdivisions and Condominiums**)
- 25 copies of Planning Report; and
- The specified number of copies of each report/study identified as a requirement at the Pre-Submission Consultation meeting.
- **Digital submission of all materials on USB Key or CD**

Draft Plans

Proposed Draft Plans must be drawn on a single sheet, to scale and include:

- all items identified in Subsection 51(17) of the Planning Act, R.S.O., 1990. Chap. P.13, as amended, including a key map, at a scale of not less than 1 cm to 100 metres, on the proposed draft plan showing the matters described in the subsection;
- proposed Street names must be shown;
- the **MINIMUM** and **MAXIMUM** density by residential type for all lots and blocks in which residential units may be permitted;
- **an area or block measuring not less than 9cm x 7cm** on the title block/information area of the plan that is visible after folding in which the Regional Municipality of Waterloo may affix the draft approval stamp and signature; and
- measurements are to be in metric units.

The copies of the proposed draft plan and application form will be circulated to the Area Municipality, persons and public bodies prescribed by the regulations and any other person or public body that may have an interest in the application.

Submission Requirements:

To assist in the review of a proposed plan of subdivision, the Region, Area Municipalities and other public agencies may require that other information and materials be prepared in support of the proposed plan. These may include: lot grading and drainage, traffic impact, noise, archaeological, heritage, environmental and hydrogeological, etc. If required, the need for and submission requirements for these studies/reports/plans will be identified during the Pre-Submission Consultation meeting, documented in the Record of Pre-Submission Consultation, and will be required as part of the application submission.

A preliminary stormwater management report is required with the submission of this application. The report must describe the proposal for stormwater management in accordance with the Area Municipality's stormwater management/drainage policies. It is the responsibility of the applicant to ensure that the plan and report have been prepared to Area Municipal standards and that sufficient copies of the report have been included with the application.

All proposed plan of subdivision applications must be accompanied by 25 copies of a "Planning Report". This report will briefly describe for review agencies the site orientation, site issues and inter-relationship of site issues. The report also provides a starting point for analysis of the proposal. This report is not to replace any detailed and specific reports identified during the Pre-Submission Consultation. The "Planning Report" is to include the following.

Planning Report:

- a) **Introduction** – A general discussion of the subject area that is under consideration and any pertinent background information.
- b) **General Description** – A legal description of the property including location, size and physical features.
- c) **Conformity** – A discussion on conformity of the proposed plan of subdivision with the Regional Official Policies Plan, the Area Municipal Official Plan and Area Zoning By-law as well as consistency with the Provincial Policy Statement, and conformity/non-conformity with Provincial Plans.
- d) **The Concept** – A brief description of a theme, market orientation or special aspects to the physical layout of the subdivision.
- e) **Road Patterns** – A description of the principal road pattern with regard to public transit and traffic flow such as ring road, spine system and hierarchy of internal streets, as well as proposed street names.
- f) **Site Development** – A description of the elements in the plan such as walkways/park link network, utilization of watercourses, area grading, and treatment of low lying wetlands and organic soils.
- g) **Land Use Patterns** – A discussion of proposed densities, location of housing types, commercial facilities, schools, parks etc. and the relationship of these land uses to the natural features of the site. A discussion of existing buildings or structures on the site, and if any, those intended for demolition or retention, including a review of heritage impact.
- h) **Statistical Analysis** – A calculation of density ranges, service and commercial facilities, schools, parks and open spaces, churches, major roads, community centre etc. with sizes noted and percentage of land proposed for each use.
- i) **Utilities and Engineering** – A discussion of sanitary sewers or sewage disposal, water supply/distribution, lands below Regional floodlines, urban drainage and stormwater management, master drainage plan and conformity, watershed study and conformity, and gas, hydro and telecommunication servicing. At the initial review stage this information will be of a preliminary nature but will indicate an awareness of conditions to be resolved between the applicant/developer and the applicable public body.
- j) **Boundary Conditions** – A discussion of existing land use and environmental conditions at least 20 metres (64 feet) beyond the subject area. Such a discussion shall be sufficiently thorough to ensure that no detrimental impact is caused by the development on any adjacent lands.
- k) **Environmental Assessment (EA)** – What services and facilities are covered by EA and under which schedule will these projects be assessed?
- l) **Staging and Phasing of Development** – An estimate should be included as to phasing and timing of development with particular direction from the applicant regarding how the subdivision registration (final approval) will be staged and how servicing and development will be phased within each registration.

- m) **Noise Impacts** – A discussion of how the plan has been designed to address impacts from nearby road, rail or stationary noise sources. The discussion should also identify the manner in which mitigation, if any, may be implemented.
- n) **Odour Impacts** – A discussion of how the plan has been designed to address impacts from existing or proposed odour sources in the vicinity of the subject site. The discussion should also identify the manner in which mitigation, if any, may be implemented.
- o) **School Accommodation** – A discussion of the availability of and access to school sites for the proposed development. Where a school site is needed, as identified by the schoolboard(s), the options for the location of the site.

Help:

If you require help completing this application form and preparing a draft plan of subdivision, please call the Region of Waterloo Planning, Development and Legislative Services at 519-575-4400 or Fax 519-575-4449 and ask for the Development Planner that handles your area.

Notes:

- Page 13 includes several declarations and authorizations that **MUST** be signed by the owner of the “subject lands” to which this application applies. If there is more than ONE owner, an additional copy of Page 13 must be completed and attached to the application for each additional owner.
- It is the responsibility of the owner(s)/applicant(s) to advise the Region of Waterloo and the Area Municipality of any changes to ownership, agents, their names, addresses and telephone numbers etc. to ensure that you are advised of all matters pertaining to this application.
- Pre-Submission Consultation is required. Please contact the Development Planner that handles your area to make arrangements for a Pre-Submission Consultation Meeting.

Yes No

7.0 Proposed Servicing

7.1 Sewage Disposal and Water Supply

Select (✓) the proposed sewage disposal and water supply servicing type from Table B and Table C. If applicable attach and provide the name of the servicing information/report(s) as indicated in Table B and Table C.

Name of servicing information/report(s):

TABLE B – SEWAGE DISPOSAL

✓	Service Type	Action or Needed Information/Reports
X	Public piped sewage system	No action at this time. Region will need to confirm that capacity is available to service this application.
	Public or private communal wastewater system ³	Communal systems for the development of more than 5 residential lots/units: servicing options statement ¹ , hydrogeological report ² , and indication whether a public body is willing to own and operate the system ³ . For surface discharge an assimilative discharge capacity report is required ⁴ . Communal system for the development of 5 or less residential lots/units and generating more than 4500 litres per day effluent: servicing options statement ¹ , hydrogeological report ² . Communal systems for the development of 5 or less residential lots/units and generating less than 4500 litres per day effluent: hydrogeological report ² .
	Private Individual septic system(s)	Individual septic systems for the development of more than 5 residential lots/units: servicing options statement ¹ Individual septic systems for 5 or less lots/units and generating more than 4500 litres per day effluent: servicing options statement ¹ , hydrogeological report ² . Individual septic systems for the development of 5 or less lots/units and generating less than 4500 litres per day effluent: hydrogeological report ² .
	Other	To be described by the applicant.

TABLE C – WATER SUPPLY

✓	Service Type	Action or Needed Information/Reports
X	Public piped water system	No action at this time. Region will need to confirm that capacity is available to service this application.
	Public or private communal wells	Communal well system for the development of more than 5 lots/units: servicing options statement ¹ , hydrogeological report ² and indication whether a public body is willing to own and operate the system ³ . Communal well systems for non-residential development where water will be used for human consumption: hydrogeological report ²
	Private Individual well(s)	Individual well for the development of more than 5 lots/units: servicing options statement ¹ and hydrogeological report ² . Individual wells for non-residential development where water will be used for human consumption: hydrogeological report ²
	Other	To be described by the applicant.

¹ Confirmation that the Region concurs with the servicing options statement will facilitate the review of the application.

² All development on individual or communal septic tanks require a hydrogeological report. Before undertaking a hydrogeological report, consult the Region about the type of hydrogeological assessment that the Region would expect to see given the nature and location of the proposal. These specifications should be outlined during the Pre-submission Consultation Process.

³ Where communal services (water and/or sewage) are proposed, ownership of these services must be in conformity with Regional Policy.

9.2 Is there any other information that may be useful to the Region or the Area Municipality in support of this application (i.e.: efforts made to resolve outstanding objections or concerns)? If so explain below, attach as a separate page, or state where it can be found in the Planning Report.

Please see attached Planning Justification Brief

10.0 Provincial Policies and Plans

10.1 Is the plan consistent with the policy statements issued under subsection 3(1) of the Planning Act:

Yes No

Is the subject land located within an area of land designated under any provincial plan or plans?

Yes No

If YES, please list the applicable provincial plan or plans and identify whether the application conforms to or does not conflict with the applicable plan or plans.

A Place to Grow

To assist you in determining what may be required as this proposed plan advances towards draft plan approval we have set out below a general indication of the key requirement or matters to be addressed at different stages. If you have any questions or require more detailed explanation please call or write Region of Waterloo Planning, Development and Legislative Services, at 519-575-4400 or Fax 519-575-4449 and ask for the Development Planner that handles your area.

Plans in Circulation:

- Revisions to the proposed plan will not be accepted for recirculation until all the issues and concerns related to the original submission have been identified.
- Revised plans accepted for recirculation must be accompanied by the applicable Recirculation Fee.

Draft Approval:

- Prior to the issuance of a decision on draft plan approval by the Region of Waterloo, the applicant must ensure that the following has been submitted to the Region:
 - the applicable draft approval fee
 - 25 copies of the plan adopted by the Area Municipality, folded to no larger than 8.5" x 14"
 - One Adobe (pdf) of the plan (same size as hardcopy),
 - One Autocad (.dwg) format file of the plan (as per the specifications outlined in the ***Digital Plan Submission Standards for Subdivisions and Condominiums***); and
 - any other reports/studies or information identified as being required prior to draft approval

Modifications:

- Plans subject to modification following draft approval will be subject to the applicable Recirculation or Draft Approval Modification Fee.

Registration:

- Following the list of conditions of draft approval there will be a number of notes; special attention should be paid to these notes as they include specific instructions on how to satisfy certain conditions or requirements.
- Prior to final approval (registration) the applicant should ensure that the following have been addressed where applicable, to the satisfaction of the Region:
 - request for Regional Development Agreement;
 - table prepared by O.L.S. indicating area of each lot and block on plan to be registered;
 - submission of two prints of proposed plan to be registered;
 - payment of prepayment portion of Regional Development Charge;
 - payment of Registration Release Fee;
 - all clearances letters have been forwarded to the Region;
 - final mylars and prints of plan to be registered; a
 - any other reports/studies or information identified as being required prior to final approval; and
 - One Autocad (.dwg) format file of the plan (as per the specifications outlined in the ***Digital Plan Submission Standards for Subdivisions and Condominiums***).
