CONDITIONS :

The applicant acknowledges and agrees that;

- 1) The application for sanitary sewer capacity assessment is required for all new developments within City limits, exemptions will be at the discretion of Community Development staff.
- 2) This application form is not a permit to connect the sanitary service to the City of Cambridge sanitary network, and is not a building permit.
- 3) In situations where the capacity seems to be available to service the project in question, the future capacity can neither be guaranteed nor reserved beyond the established time lines as specified by the City.
- 4) The result of the Sanitary Sewer Capacity Assessment is a preliminary expression of whether the proposed development can be supported by the current sanitary system. Should the development proceed, the City Engineer or his or her representative, reserve the right to;
 - a) Certify the availability or constraints with regards to current capacity within downstream pipe system including immediate network and conveyance network to accommodate the anticipated flows, as the case maybe.
 - b) Ask for completion of offsetting sewer improvement to the City's system if feasible, only when requested by the owner and will be his/her sole cost.
 - c) Withdraw the confirmation if the scope and/or the calculations of the sewage flow referenced herein are revised.

DECLARATION OF APPLICANT:

I, _____ acknowledge that;

- 1) The information contained in this application, attached schedules, attached plans, documentation and other additional information is true to the best of my knowledge.
- 2) If the application is a corporation or partnerships, I have the authority to bind the corporation.
- 3) The submission of this form by the Applicant, in the capacity of legal representative of the owner and/ or the developer of the parcel of property, places no obligation on the City of Cambridge, its officers, employees, agents and assigns, to issue a building permit, conditional or otherwise.
- 4) Any misrepresentation in this application or failure to provide new, revised or updated information regarding the estimated sewage flow/ number of units, or subsequent violation of the condition of the capacity assessment process, will result in revocation of the capacity assessment and other remedies in equality and law for the improper filing of the document.
