Project Details

Property/Project Information:

Subdivision Name:		Plan Reference:	
Municipal Address (if applicable):			
Capital Project:		Street Name:	

Type of Project (check all that apply):

- Sanitary Sewer
- Storm Sewer
- Stormwater Management Works
- Sanitary Pumping Station

Brief Project Description:

Source Protection/Drinking Water Threats

Is the proposed activity located or planned to be located in a vulnerable area identified in a local assessment report source protection plan under the Clean Water Act, 2006?

- Yes No

Is the activity being applied for identified as a significant drinking water threat in the assessment report for the local source protection area?

- Yes No

If the answer to either question is “Yes” a Source Protection Supplementary document is to be submitted, including mitigation measures if applicable.

Receiver of Discharge

Immediate Receiver Name:	
Subwatershed Name:	

Have the works received approval from the Grand River Conservation Authority?

Yes No

Submission Requirements:

MECP Form(s)

- Form A1 Record of Future Alteration Authorized for Equipment Discharging a Contaminant of Concern to the Atmosphere from a Municipal Sewage Collection System
- Form SS1 Record of Future Alteration Authorized for Separate Sewers/Nominally Separate Sewers/Forcemains
- Form SS2 Record of Future Alteration Authorized for Components of the Municipal Sewage Collection System
- Form SW1 Record of Future Alteration Authorized for Storm Sewers/Ditches/Culverts
- Form SW2 Record of Future Alteration Authorized for Stormwater Management Facilities
- Form SW3 Record of Future Alteration Authorized for Third Pipe Collection Systems

Supporting Documentation (as applicable):

- Completed City of Cambridge Application Form, with all signatures
- Application Fee
- City of Cambridge Engineering Clearance Letter for CLI ECA Submission
- Grand River Conservation Authority Approval Letter
- Engineering Drawings (including but not limited to Removal Plans, Sediment and Erosion Control Plans, Grading Plans, Plan/Profile Drawings)
- Storm Sewer Design Sheets and Drainage Plans

- Sanitary Sewer Design Sheets and Drainage Plans
- Stormwater Management Report, including inspection and testing plans
- Functional Servicing Report
- Geotechnical Report
- Sanitary Pumping Station Design Report, including inspection and testing plans

Additional submission requirements may be required through the review and approval process.

All submission materials are to be in pdf format. Searchable pdf files are required for forms, reports and other documentation. Maps and drawings must be to scale.

Complete application packages are to be submitted to cli-eca.applications@cambridge.ca

Application Fees

Type of Application	Amount
Administrative Processing Fee: \$1,000	
Stormwater Management Facilities: \$6,000	
Storm Sewers (adding, changing, replacing or extending): \$3,000
