6. ELECTION METHOD FOR 2022

Automatic Vote Tabulators

The Council of the Corporation of the City of Cambridge passed by-Law 21-092 authorizing the use of automatic vote tabulators. After voting locations close at 8:00 p.m. on October 24, 2022, the tabulators produce the results automatically, print a record of the results (similar to a cash register tape) and save the results on a memory card. The printed records and memory cards are delivered to City Hall on Voting Day, where the stored information is downloaded to a computer for tabulation of results from all voting places.

Advance Voting

Advance voting is common in elections, as it allows voters to vote prior to Voting Day. During Advance Voting Day, electors will be able to cast their votes through any of the two methods below:

- Internet Voting (PINs will be delivered to addresses by mail)

- Curb-side advanced voting - using tabulators which will then be stored and downloaded to a secured computer for tabulation results.

Further details on Advance Voting can be found in [Section 16](#).

7. VOTERS' LIST

The City utilizes a software program to manage the voters' list. The data is received by the Municipal Property Assessment Corporation (MPAC), who is responsible for the enumeration of voter information.

There will be no paper voters' lists utilized in the election; instead, the voters' list program will be utilized whereby there will be live strike-off of voters who choose to vote during the election.

All candidates will receive log-in details to access the City's on-line candidate election portal, where they can request for an electronic copy of the voters list.

The voters' list may be inspected at the Clerk's Office. No person shall use the information obtained from the voters' list except for election purposes. The use or sale of the list for commercial purposes is prohibited.

Candidate Access to the Voters' List

The voters' list, based on the data collected by the Municipal Property Assessment Corporation (MPAC), will be provided to candidates through the candidate's portal where they can view and/or download the voters' list at no charge.

Interim Changes for Voters' List

In mid-late September, the Clerk will provide an updated electronic copy of the voters list to candidates, through the candidate's portal, which will include all additions and revisions to the list received.

Unconfirmed Citizenship – Oral Oath

For 2022 Municipal Election, the Municipal Property Assessment Corporation (MPAC), which provides the voters' list, added an "unconfirmed" citizenship indicator ("U") to the voters' list to indicate individuals for whom MPAC has not been able to confirm Canadian citizenship. This remains the same for the 2022 municipal election.

In order to obtain a ballot, those individuals will be required to swear or affirm an oral oath at the voting place as follows:

"I, [name of voter] being a voter entitled to vote in the City of Cambridge, SWEAR OR SOLEMNLY AFFIRM that I am a Canadian citizen."

Any such individual, identified by a "U" for unconfirmed citizenship on the voters' list, who refuses to swear or affirm his or her Canadian citizenship will be deemed ineligible to vote and will not receive a ballot.

The names of those individuals swearing or affirming an oral oath of citizenship, or refusing to swear or affirm an oral oath of citizenship, will be forwarded to MPAC after the election to permit MPAC to revise the data relating to those voters.

8. ADDITIONS AND AMENDMENTS TO THE VOTERS' LIST

Appropriate social media will be used including advertisements which are periodically placed in the Cambridge Times to advise voters that the voters' list is available for inspection at City Hall and that the necessary forms for additions or amendments are available through the Clerk's Office. Persons who are not on the voters' list may complete a form at City Hall to have their names added to the list, or on-line through www.voterlookup.ca.

Revision Period: September 1 to September 15, 2022

Persons who complete the appropriate form on or before September 15, 2022, will be added to the interim changes to the voters' list and will receive a Voter Notification form in the mail, advising them of the location of their voting place. This period may apply for changes and/or corrections to another name.

Revision Period: September 16 to October 24, 2022

Persons who complete the appropriate form after September 15, 2022, will be provided with a Clerk's Certificate to be presented at the voting place. A person who presents a Clerk's Certificate signed by the Clerk or designate is entitled to vote in accordance with the information contained therein. This period applies for changes and/or corrections to own name only.

Additions/Revisions at the Voting Place – Advance Voting and/or Voting Day

A person who presents him/herself to be a voter, who applies at the voting place for a ballot, who does not have a Clerk's Certificate signed by the Clerk and whose name does not appear on the voters' list is entitled to vote if he/she establishes his or her identity to the satisfaction of the Deputy Returning Officer and completes and signs an Application to Amend Voters' List.

9. ADVERTISING & NOTICES

All advertisements relating to notices or information required pursuant to the *Municipal Elections Act*, 1996, will be published on the [City's website](#).

Supplementary advertisements may be published in the Cambridge Times or surrounding newspapers at the discretion of the Clerk.

The Clerk shall determine the date(s) of all advertisements including in which newspaper(s) the notices are to appear in order to comply with the requirements and principles of the *Municipal Elections Act*, 1996.

The City will also utilize social media to publicize and promote the municipal election.

A vote tabulator shall be tested before the recount in the manner described previously in this procedural guide.

Pursuant to section 56(2) of the Act, the recount shall be held within fifteen (15) days after the Clerk's declaration of the results of the election, and therefore the recount shall occur on Tuesday, November 8, 2022 at the hour of 10:00 a.m. or prior to, as declared by the Clerk.

In addition to such staff as designated by the Clerk to conduct the recount, the following persons may be present to observe the recount process:

- (a) Candidates for the offices of the recount;
- (b) The Clerk;
- (c) For each candidate, a lawyer and one scrutineer for each recount station established.

Only those vote tabulators that were used in wards at the advance votes and on Voting Day will be used to tabulate the results of the recount as follows:

- a) A memory card will be inserted into each vote tabulator unit for the poll/polls prior to the day of recount.
- b) At the recount, a zero tape will be generated to ensure that no votes are recorded for any candidate.
- c) After each tabulator has completed the processing of ballots, a results tape will be generated.
- d) Statistics on the results tape relating to offices that are not subject to the recount will be severed by City staff.
- e) To obtain the final election results, the memory cards will be removed from the tabulators by City staff and inserted into the memory card reader for upload into the election system software.
- f) City staff will replace each memory card in its respective tabulator, and re-package and seal the tabulator.

The recount staff will process ballots and tabulate the results as follows:

- b) The ballots will be processed through the same vote tabulators that were used at the advance votes and on Election Day for the Ward(s) in the recount.
- c) Ballot transfer cases will be opened by breaking the seals one box at a time for each vote tabulator in use. Subsequent ballot transfer cases will be opened in the same manner only after the preceding ballots have been processed and the ballots returned to and sealed inside their original ballot transfer case.
- d) Ballots will be inserted into the vote tabulators face down. Candidates and other observers present during the audit will not be permitted to examine ballots as they are processed through the vote tabulators, and will not be permitted to dispute the validity of any ballot or how the votes on any ballot are counted by the tabulators.
- e) In the event of a ballot that is torn or otherwise not accepted by a vote tabulator, and in the opinion of the City Clerk cannot properly be processed by the vote tabulator at the recount, a replacement ballot shall be prepared by marking a new ballot only with the marks contained in the designated voting spaces on the original used ballot, and the replacement ballot shall be clearly labelled “replacement” and given a serial number which shall also be recorded on the original used ballot. The ballot will then be processed through the vote tabulator and accounted for.
- f) If a used ballot was rejected by the tabulator because there were no votes in any of the spaces designated, the ballot shall be returned for processing the above (e).

At the conclusion of the recount, the City Clerk will announce the results of the recount. A copy of the final recount report will be provided to each candidate present at the recount. A copy of the final recount report will be provided to any candidate who was not present for the recount. At the conclusion of the recount, the City Clerk will announce the results of the recount.

The Criminal Code of Canada states that tampering with the mail of an individual is a criminal offence and a person(s) found guilty is liable to a term of imprisonment not exceeding ten (10) years. As such, in order to ensure the integrity and confidence of the voting process for all voters and the candidates, the Clerk in this alternative form of voting has agreed that all complaints and actions which may contravene the provisions of the Criminal Code of Canada with respect to mail tampering, either verbally or written will be reported to the police.
