Galt Core Height Guidelines Project

Open House #1

DATE: July 12, 2022

TIME: 7:00 p.m. to 9:00 p.m.

PLACE: Virtual Meeting

A public open house (information and consultation centre) will be held on the above date and time regarding the Galt Core Height Guidelines. In accordance with public safety guidelines due to the Covid-19 pandemic all meetings are currently being held virtually.

The open house is open to all business owners, property owners, residents, agencies, developers, and any other interested parties. Participants are required to register by 5 p.m. on July 12th, 2022 to attend. A link to register for the Virtual Meeting and more information about the project will be posted on the project webpage at: <http://www.cambridge.ca/galt-height-guideline-study> by June 15, 2022.

A recording of the open house will be posted on the City of Cambridge YouTube Channel and presentation materials will be available on the project webpage following the meeting. We welcome comments to be submitted via telephone or e-mail to the City's project manager until July 22, 2022.

THE PROJECT

The purpose of the Height Guideline Study is to examine the potential impacts from future development of vacant lands as well as infill/redevelopment. The guidelines are intended to inform the secondary planning process and the zoning for the Galt Core to establish maximum height permissions.

THE OPEN HOUSE

This open house is the second of three public engagement opportunities planned for the Galt Height Guidelines Study. The first opportunity was at a public meeting when the draft guidelines were introduced to Council. The purpose of this open house is: to share information on the project and related concurrent land-use planning studies; to obtain feedback on the draft guidelines; and for the consultants to provide an update on work completed to date.

Notice of Public Information Centre (PIC)

The open house will involve brief presentations by the project consultants and city staff beginning at 7:00 p.m. regarding work completed to date, related concurrent land-use planning studies, and the general process, followed by a question and answer period. Attendees are encouraged to submit questions in advance to the e-mail address listed below by July 7, 2022.

If you require information in an accessible format or accommodation to access municipal services, please contact accessibility@cambridge.ca

For assistance with registration, or to submit questions or comments, please contact J. Matthew Blevins, Senior Planner – Reurbanization.
