To Property Owners and Residents:

Re: Henderson, Bella St. & Kribs St. Reconstruction, City of Cambridge (Contract T22-08)

The City of Cambridge will be proceeding with the reconstruction of Henderson St. from Kribs St. to Bella Street & Bella St. From Rife Ave. to Cooper St. & Kribs St. Rife Ave. to Forbs St. The project includes replacement of watermain, sanitary sewers, storm sewers, and pavement due to deterioration. It also includes the replacement of sidewalk, curb, and traffic signs.

Terracon Underground Ltd., will be the general contractor for this project. Terracon will be completing this work and expected to begin construction on or about April 4, 2022. The Contractor will start by installing a temporary watermain, followed by removals of existing infrastructure, and then the full reconstruction work will begin. The construction is planned to take approximately 100 working days to complete, which would be until approximately the end of August 2022. Weather and other unexpected delays could extend the completion of the work.

To minimize disruption and facilitate access as much as possible, the reconstruction will be completed in two (2) stages. The stages will generally be as follows:

Stage 1 – Kribs Street; Rife Avenue to Forbs Street;
Stage 2 – Henderson Street; Kribs St. to Bella Street;
Bella Street; Rife Ave. to Cooper St.;

The order of the above is subject to change based on further discussion with the contractor. Please continue to monitor the City's website above for the most up-to-date information.

The City recognizes that some residents may have concerns with construction moving forward during the COVID-19 pandemic. Attached with this letter, and available on the City's construction website below are additional FAQs surrounding construction and COVID-19. All notices and updates for the project will be provided through the City's website below.
