This letter is to inform you that Cooper Street will be temporarily closed at the intersection of Cooper Street and Bella Street. A detour route will be provided from Hammet Street to Hungerford Road to Lewis Street. Homes located on Cooper Street from Hammet Street to Lewis Street will have access to their driveways throughout the day and at night other than 115 and 121 Cooper Street which may have limited access while the work is being completed as the work location is directly in front of the two driveways. **Road closure will be on or about Monday June 13, 2022 for approximately 5 days.**

Please let me know if you have any further questions or concerns.

Thank you,

Russell Veld, Project Manager
