NOTIFICATION OF SERVICE INTERRUPTION

Dear Resident:

This is to advise that your water service will be temporarily interrupted on

We apologize for any inconvenience that the interruption of service may cause; however, we shall endeavor to complete the required works as expeditiously as possible.

If your building has a sprinkler system and/or standpipe and hose system, these systems will not operate as designed when the water supply to the building is shut down. Therefore, you should take all necessary steps to ensure the fire safety of your premises during the water shut-down.
