

# Boulevard Parking Petition

Dear Neighbour,

My name is \_\_\_\_\_ and I am coordinating a no contact petition for the City's Lower Driveway Boulevard Parking Program for \_\_\_\_\_ between \_\_\_\_\_ and \_\_\_\_\_.

This program allows 24 hour year round parking on the driveway apron according to the rules below.

If you are interested in this program please contact me at \_\_\_\_\_ or \_\_\_\_\_ with the full name, address and phone number of the primary resident of your home.

Thank you.

As per the City of Cambridge:

"This petition is a pre-screening process requiring (51%) support before a formal questionnaire will be distributed to residents by the Transportation Section. Your participation is not binding. The purpose of obtaining the (51%) support is to confirm the general support for this request prior to a questionnaire being issued. Only one vote from the property management will be accepted for multi-residential properties (e.g. apartments, townhouse complex, etc.). Please note that Staff may randomly contact residents to confirm their support."

## Program Rules

- Vehicles must park parallel to the road facing the direction of traffic.
- Vehicles must not park on the grass portion of the boulevard.
- Vehicles cannot overhang the sidewalk or curb.
- 0.5 m of clearance must be maintained from the extension of the property line when parking on shared driveway aprons.
- Residents with corner properties with driveway located on side street, are not eligible.
- Residences with driveways immediately adjacent to intersections, where parked vehicles may constitute a sight line obstruction, are not eligible.
