Location: City Hall, 50 Dickson Street, Cambridge

City of Cambridge Staff invite you to attend an informal Neighbourhood Meeting to discuss **Official Plan and Zoning By-law Amendment Application OR09/23** for the subject lands at **102 Fountain Street South, 134 & 144 Fountain Street North, and 199 Abraham Street** (refer to map below).

Application OR09/23 is requesting changes to the existing policy and zoning framework to facilitate redevelopment of the subject lands with a new mixed-use building. For more information on the application and development proposal, and to view the material submitted to the City, please visit: <https://www.cambridge.ca/en/build-invest-grow/current-development-applications.aspx>

A neighborhood meeting is an opportunity to exchange ideas and information. There are no decisions made at neighborhood meetings.

To ensure as many as possible have an opportunity to speak at the meeting, each person will have 5 minutes to ask questions and/or provide feedback. City Staff and the developer team will answer questions as they arise. After considering all feedback received from the public, City Staff, Council and other review agencies, the Applicant may choose to modify their application and development proposal. City Staff will consider all commentary at this meeting in the preparation of a recommendation report. The recommendation report will be taken to a future Council meeting at which a decision on the application will be made by Council.

If you are unable to attend, and would like to provide feedback, receive future notices, and/or have any questions, please email or call:
