Sparky’s Fire Safety Colouring & Activity Book
HI, I’M ‘SPARKY THE ROBOT’
PLAN AN ESCAPE ROUTE FROM YOUR HOME WITH YOUR FAMILY
IF YOUR CLOTHES CATCH ON FIRE

1. STOP

2. DROP

3. ROLL

4. COVER YOUR FACE
PRACTICE DIALING HERE!
If you see smoke, crawl low under it to safety
DON'T GET BURNED!

Many things can burn you. Circle the things that can burn you.
Firefighters wear protective suits and equipment
Never play with matches or lighters - if you find some, tell an adult!
Welcome to the safety village!
Smoke alarms should be tested every month.
Sparky rides in the Santa Claus parade
Help Sparky connect the hose!
Print your own safety message here, kids!
Summer should be fun!

Be careful around these summer hot spots
There are many types of emergencies - here are a few examples.
Family Emergency Survival Kit

- Non-perishable food
- Manual can opener
- Bottled water (4L per person, per day)
- Flashlight (w/batteries) or crank flashlight
- Radio (w/batteries) or crank radio
- Candles and matches/lighter
- First-aid-kit
- Whistle
- Clothing and footwear
- Blankets or sleeping bags
- Toilet paper and other personal items
- Extra keys and cash
- Important papers (identification, insurance)
- Playing cards

It is important to customize your kit to meet the needs of your family. If you or someone in your household has a disability or special need, check out the Emergency Preparedness Guide for People with Disabilities/Special Needs at www.ontario.ca/beprepared for additional information on what to include in your emergency survival kit and family plan.
Make sure your Family Disaster Supply Kit is ready and that you have a flashlight, battery-powered radio, extra batteries and a first aid kit. Take your kit with you when you seek shelter.
Make sure you have a three-day supply to keep you hydrated.
Pack A Portable Pet Supply Kit
A backpack or suitcase on wheels works great!

- Animal first aid kit, including flea and tick treatment, and other items/medication recommended by your veterinarian
- Copies of medical records that indicate dates of vaccinations and a list of medications your pet takes and why
- Proof of identification and ownership, including copies of registration information, adoption papers, proof of purchase, and microchip information
- A current colour photograph of you and your pet together, in case you are separated
- Bowls, lots of water and food for at least three days
- Collapsible cage or carrier with a cotton sheet to place over the carrier to help keep your pet calm
- Blanket, flashlight and batteries
- Collar, leash, comforting toys and treats
- Fully charged cell phone
- Items for clean-up
  - For cats: Litter, litter pan, and scoop
  - For dogs: Plastic bags

21
When there is snow outside, bundle up in lots of layers of clothing and wear a hat. Ask an adult if it's okay to play outside - and come inside often for "warm-up" breaks.
Flooding
What to do in a flood!

Get to high ground and wait for help. Flood waters move very fast.

There may also be sharp glass and metal objects in the water.

Never try to swim across any area during a flood. You can be swept away and won’t be able to swim to safety.
What things will you need in case of a power outage? Write a list of things in the checklist circle.
The safest place during a tornado is in the basement - away from the windows.

If you are outside, lie flat in a ditch.

Designate a safe room in your house.

Watch out for flying debris.
Safety

Across
1. The sound a smoke alarm makes when the battery is low
3. You should replace this in your smoke alarms, twice a year
7. Every household should have an escape
8. Firefighters hook this up to a fire hydrant
10. Have one of these to be self-sufficient for at least 72 hours
11. Firefighters use this to access a second floor window
12. You should do this if the hallway is full of smoke

Down
2. If you are in your house and see a fire, you should do this at once
4. What to do if your clothes catch on fire
5. An item found in your emergency kit
6. The number one cause of house fires is
9. Every level of your house should have one

How to Make a Home Fire Escape Plan

- Draw a map of your home. Show all doors and windows.
- Visit each room. Find two ways out.
- All windows and doors should open easily. You should be able to use them to get outside.
- Make sure your home has smoke alarms. Push the test button to make sure each alarm is working.
- Pick a meeting place outside. It should be in front of your home. Everyone will meet at the meeting place.
- Make sure your house or building number can be seen from the street.
- Talk about your plan with everyone in your home.
- Learn the emergency phone number for your fire department.
- Practice your home fire escape drill!

In case of Emergency
DIAL 9-1-1

Fire Department Headquarters
1625 Bishop Street North
Cambridge, Ontario

Phone: (519) 621-6001
Home Fire Escape Plan

Memorize your fire department’s emergency phone number and write it here: ________________________

Use the space below to create your home fire escape plan.

• Draw a floor plan or a map of your home. Show all doors and windows.
• Mark two ways out of each room.
• Mark all of the smoke alarms with a. Smoke alarms should be in each sleeping room, outside each sleeping area, and on every level of the home.
• Pick a family meeting place outside where everyone can meet.
• Remember, practice your plan at least twice a year!

Check out www.sparky.org for fire safety games and activities.
Sparky® is a trademark of NFPA.

Grown-ups: Children don’t always awake when the smoke alarm sounds. Know what your child will do before a fire occurs. Get more information on smoke alarms and escape planning at www.nfpa.org/factsheets.
