Subject: Winter/Spring Highlights of Cambridge Neighbourhood Organizations Pandemic Programming

Comments

Throughout the pandemic, the Cambridge Neighbourhood Organizations (CNOs) have offered safe, flexible and creative means by which our residents could continue to remain connected while physically distancing. With a range of virtual connections – including craft kits, at-home activity challenges and food truck frenzies – our CNOs have rallied to reduce the isolation that individuals and families have felt during the last year.

Attached is program information from each of the eight Cambridge Neighbourhood Organizations for information.

Volunteer Spotlights

Shubham Patel
Shubham Patel has been a volunteer with Langs since December 2020. He works alongside staff to deliver virtual programs such as Kitchen Kreations and STEAM at Home. Shubham is also an active member of the Youth Council (YTCYC). During his time with Langs his responsibilities include: creating video content for social media and YouTube, program assistance, planning activity booklets and more!

Bruce Cornfield
In 2020, with the introduction of the pandemic, many volunteers took a step back from their work but this did not deter Bruce from continuing his involvement and commitment to our clients. With the support of Langs staff member, Tammy Saunders, Bruce received paperwork and successfully completed their income taxes on time.

High Five Champion

Emma Butler
Emma is a Peer Worker at Grow Community Centre and helps with our After-school program. Emma has gone above and beyond for our participants; showing empathy, support and care for all our participants.

What’s Next?

Summer camps will be held in person again this year at Langs and Grow Community Centre, with increased participants and adhering to Provincial safety guidelines. We are planning for the phased in return of in-person programs in the Fall and Winter, in accordance with Provincial guidelines.
Hespeler Village Neighbourhood Association

Volunteer
HVNA continues to be supported by a strong group of Volunteers and Board Of Directors. We’ve pivoted and now engage with our youth volunteers through google classroom and in person support when permitted to do so.

Programs
If restrictions permitted, HVNA eagerly hosted programs. When it was safest to remain at home, HVNA pivoted and hosted After School Program, Kinder Kids and adult fitness virtually.

We've moved!
For decades, HVNA hosted programs from St. Luke’s Church. With the redevelopment taking place, HVNA relocated to another familiar space for our community, Hespeler Arena’s Beehive Hall. Despite the challenges this past year has brought, HVNA can confidently share that this space is more accessible, inclusive and in the heart of the community we serve. Along with our move, we’ve updated our logo and website, hvna.ca

Special Events
HVNA missed hosting our large scale special events such as the annual Hespeler Harvest Festival and Neighbourhood Day. HVNA succeeded in weekly pop up plays such as our Bike Rodeo. Our Pop Up Plays were small scale, limiting participants to 25 at one time. Pop ups served many families as a safe means of a socially distanced events and skill building activities.

Social Media
When it was safest to keep our distance HVNA turned to social media as a means to stay connected within our community. Through efforts such as the 12 Days of Giveaways, we not only highlighted local businesses and artisans, but have grown our social media following by 100%.

Since May 2020 HVNA has distributed more than 4000 Busy Bee Bag (Curbside activity kits)

Hespeler Canada Sign sparks pride during uncertain times. Currently distributing our 3rd edition - 3000+ in Hespeler

Whats Happening At PHCG

**Summer 2021: Programs**

**Steam:**
PHCG is excited to be offering STEAM based programing for the first time to our participants this summer. Participants will garner knowledge and skills in a fun and innovative manner.

**Active Parks:**
PHCG is partnering with Recess Guardians to provide recreation interactive programing this summer for our youth in Preston Heights. As part of attending this program youth will be given recreation program challenge boxes which was created by Recess Guardians to stay active even when at home.

**Summer 2021 Community Engagement**

**We Are Preston Community Pride Video:**
As we move forward PHCG has recognized and put a focus on post COVID -19 Community Development. It is with this lens PHCG will be creating a community focused video around community pride where members within our community will be interviewed and speak about the pride of being a part of their community.

**Community Cuts:**
PHCG is proud to be connecting community members with local barbers for a program called Community Cuts where members of the community will be able to get a haircut by a local barber free of charge to the community resident. This program was developed to further develop community relationships with our residents and local businesses.

**Fall 2021 New Program**

**Fall 2021:**
PHCG will be partnering with Recess Guardians this fall around a program called Black Leaders Of Tomorrow that will provide participants the opportunity to meet, learn and connect with leaders of black owned businesses and entrepreneurs in the city of Cambridge. This program will be carried out through three agencies PHCG, SNA and GCCC.
SNA's Updates For the Winter/Spring Seasons
SNA's focus for the last 5 months has been to connect and engage with our residents while following all COVID rules and guidelines.

For Recreation
(which was done through Facebook, You Tube, Zoom and our Newsletters)
- Continued our Boredom Busters
- After school programming with themed days, Moving Mondays, Treat Tuesdays, Wild art Wednesdays and Thinking/Theatrical Thursdays.
- Continued our Lego Challenges
- Handed out 50 SNA Activity Kits when COVID rules allowed

Re: Council Resolution Supporting Affordable Internet

Please be advised the Council of the Municipality of Chatham-Kent at its regular meeting held on August 9, 2021 passed the attached resolution.

Internet is a necessity, not a luxury for the vast majority of Canadians – a fact that has been highlighted throughout the ongoing COVID-19 pandemic. However, despite being an essential utility, too many people are struggling to afford reliable internet services, while some don’t have access to broadband internet at all. Ontario residents, and Canadians from coast to coast to coast, should never have to choose between paying their internet bill and other essentials such as food, medication, or housing expenses.

On May 27th, the Canadian Radio-television and Telecommunications Commission (CRTC) arbitrarily reversed its 2019 Rates Order concerning wholesale internet rates charged by Canada’s largest carriers to smaller companies. This decision was devastating for consumers as it effectively guarantees internet prices will continue to rise despite the fact that Canadians already pay some of the highest internet prices in the world. Additionally, this decision directly impacts many smaller internet service providers (ISPs) and threatens hundreds of well-paying jobs and tens of millions in investments that would benefit communities in Ontario.
Issued in August of 2019, the CRTC’s 2019 Rates Order confirmed the large carriers systematically broke rate-setting rules to grossly inflate their costs of providing network access. The CRTC set new rates and ordered the large carriers to repay amounts they overcharged competitors during its proceeding. The 2019 Rates Order was based on a rigorous, evidence-based, 4-year long regulatory process. It was upheld on appeals by the Federal Court of Appeal, the Supreme Court of Canada, and the Federal Cabinet and was widely expected to be implemented this year. Instead, the CRTC arbitrarily and completely reversed the 2019 Rates Order, a decision that harms competition, reduces customer choice, and ignores the real and urgent need for affordable internet in Canada.

Not only do rural and remote communities continue to struggle to gain access to affordable broadband internet, the digital divide and lack of affordability remain an issue across all communities in Ontario, and Canada. For example, a recent report by the Brookfield Institute at Ryerson University found that more than a third of households in Toronto are worried about paying their home internet bills over the next few months. More than half of the city’s low-income households also have download speeds below the national target of 50 megabits per second. Many rural and remote communities don’t have access to broadband, or any internet services, at all. This would be problematic in the best of times, but is even more so now as the pandemic has made high-speed, affordable internet a necessity for education, work, and health care.

A 2020 price study prepared by Wall Communications Inc. for ISED found that internet prices increased across all service baskets over 2019, making Canada an international outlier among its peer countries. Without intervention from the federal government, who in 2019 promised to reduce internet prices for all Canadians, there is no doubt that this trend will continue.

The Federal Cabinet must overturn the decision now to ensure that affordable internet becomes a reality, not just an ideal. We are sharing this letter and Council resolution with representatives of, and leaders in, communities across Canada. We urge you and them to make this important issue your own, as it directly affects the people in their regions, and across Canada. As you all know, internet is now a necessary utility to all Canadians similar to gas, hydro, water and electricity. The CRTC decision has impacted over 1,200 small ISP’s across Canada, thousands of jobs in your communities and negatively impacts millions of Canadians ability to receive affordable internet.
We would welcome the opportunity to discuss this critical issue with you at your earliest convenience, and to work together in making our concerns heard in support of affordable internet for all.

Sincerely,

Darrin Canniff, Mayor/CEO
Municipality of Chatham-Kent

Whereas internet connectivity is a basic necessity and essential utility for the vast majority of Canadians;

Whereas too many Canadians struggle to afford reliable, high-speed internet services, or do not have access to broadband internet at all;

Whereas the need for high-speed and affordable internet is always critical, but is even more so now as the COVID-19 pandemic has shown it is required for education, work, and health care;

Whereas independent studies have consistently shown that Canadians pay some of the highest prices for internet in the world and that internet prices have increased year over year;

Whereas the Canadian Radio-television and Telecommunications Commission’s (CRTC) 2019 Rates Order set wholesale internet prices that would facilitate greater competition and promote innovative broadband services and more affordable prices for consumers;

Whereas the 2019 Rates Order was based on a rigorous, evidence-based, 4-year long regulatory process, and was upheld on appeal by unanimous decision of the Federal Court of Appeal, while the Supreme Court of Canada and the Federal Cabinet declined to review it;

Whereas on May 27, 2021, the CRTC decided to reverse its 2019 Rates Order, effectively guaranteeing that internet prices will continue to rise for consumers;

Now therefore be it resolved that the Municipality of Chatham-Kent call on the Federal Cabinet, Prime Minister Justin Trudeau, and ISED Minister Francois-Phillippe Champagne to overrule the CRTC’s reversal and immediately implement the evidence-based 2019 Rates Order.

Be it further resolved that the Premier of Ontario, Ontario Minister of Industry, local MPPs, the Association of Municipalities of Ontario, all 444 Ontario municipalities and the Federation of Canadian Municipalities be sent correspondence of Council’s resolution along with the attached letter.

Dear Premier Ford:

City Council, at its meeting held on August 13, 2021, approved Item 13 of Planning Committee Report 21-012 which reads as follows:

13. **Noise Concerns and Request for Expiry of Extended Construction Hours**

WHEREAS, municipalities have the authority under the *Municipal Act, 2001* to pass a Noise By-law to regulate and prohibit with respect to noise;

WHEREAS, in response to the COVID-19 pandemic, the Ontario government sought to accelerate construction projects in municipalities;

WHEREAS, the Ontario government passed O.Reg 131/20, under the *Municipal Act, 2001* ("O.Reg 131/20") allowing for extended construction hours for projects associated with the healthcare sector to 24 hours a day and any other construction activity in a municipality between the hours of 6am and 10pm;

WHEREAS, O.Reg 131/20 limits a municipality’s authority and enforcement through Section 451.1 of the *Municipal Act, 2001* from prohibiting and regulating noise with respect to after-hour noise from construction sites;

WHEREAS, there has been an increase in complaints as a result of after-hour noise caused by construction sites impacting the quiet enjoyment of the residents of Hamilton; and,

WHEREAS, O.Reg 131/20 is set to expire on October 7, 2021;

THEREFORE BE IT RESOLVED:

(a) That the Mayor contact the Premier of Ontario, and local Members of Parliament to ask that the Province to promptly expediate the expiry of O.Reg 131/20, the COVID exemption for after-hours noise from construction sites.
(b) That the Mayor contact the Premier of Ontario, and local Members of Parliament to request that the Province not make the temporary regulations of O.Reg 131/20, or any similar restrictions, permanent through an amendment to the Municipal Act, 2001.

(c) That the request be sent to other municipalities in Ontario, including the Association of Municipalities of Ontario for their endorsement.

Your consideration of Council's request is appreciated. We would ask that you reference File #C21-014 when responding to this correspondence.
